Reports from the previous meeting

Richard:
Updated design model, and fixed conflicts sinces the last meeting.

Lo:
Klar med sin userstory, väntar på Charles userstory för att kunna få igång sin.

Saga:
Gjort faktoriseringen vi snacka om förra gången. Interface för deed, så vyerna har Ideed, och det funkade. Ändrat lite i test, snackat med Anton, ser likadant ut förutom någon förändring.

Charles:

Mergeat det som Anton pushat upp till master och hanterat konflikter.

Anton:

Har blivit klar med sin userstories, pushat upp och mergeat med master. Skrivit tester och lite javadoc.

Discussion and assignments

Aggregate och factory, how do we implement it, ask Gerdes

Code coverage looks good, can get better.

Javadoc, we need to write more, and more and more!

Persistence, we check it when we are gonna do a refactorisation.

Assignment, is gonna be handed in on friday. We will fix that today.

Git-inspector, ask Gerdes.

Next meeting

Anton will update the design model after the update on master, he will also fix class responsiblities in the assignment till friday, also tests and javadoc. Will start on new userstory

Richard tests and javadoc, for assignment will fix quality, and DoD, pull request on his userstory, also an interface to account.

Lo fixes domain model + javadoc, also class responsiblities for the assignment, starts on next userstory.

Saga will update user interface sketch, and a design model over packages. Will finish the refactoring. And start new userstory.

Charles will finish his userstory, and will do the "definitions, acronyms, abbrevisations, and userstories for the assignment.
